

## **NEW Verifier award!**

### **Internally Verify the Assessment process (SCQF level 8)**

#### **Who is this qualification for?**

This qualification was designed to meet the needs of those who wish to gain recognition for the role they perform as an internal verifier.

Individuals would gain their qualification by providing evidence of their competence as a working internal verifier.

This evidence may be generated in a variety of **differing contexts – for example**

- **Verifying assessment evidence relating to First Aid Certificate candidates in a simulated environment**
- **Verifying assessment evidence relating to PC Passport or other in an open access centre, training rooms or classroom.**
- **Verifying evidence generated in a variety of assessment contexts such as in-house competencies, safety training, health & safety or any other type of non-VQ.**
  
- **What types of qualifications should I be verifying to achieve this unit?**

This qualification is intended for those who undertake any form of verification other than N/SVQs.

This could be Customised Awards; National Qualifications; Higher Nationals; HN units; Core Skills; In-house competencies and many other types of award.

- **How do I gain the qualification?**

Firstly by attending a one or half-day training and induction course. After this you will carry out your normal types of verification and your dedicated assessor will provide help and support for you to gather the evidence required to complete the qualification.

#### **What does the course include?**

- Induction of the verifier-candidate plus any other advisory visits which will support the candidate and help them to gather and collate their evidence
- All support (both telephone and on line)
- Portfolio and all related materials including full standards
- Final resulting to SQA which will generate certification to candidate to prove achievement of qualification
